Executive Assessment Continuity Plan

In the face of uncertainty... It's about preserving and protecting the value of your business.

CONTINUITY OF BUSINESS OWNERSHIP

What do you want to have happen to the business? Who is going to buy it? How will they fund it? How long will this take? How does your family get money in the interim?

WHO MAKES DECISIONS?

The business has to keep running – Who calls the shots on financial matters, personnel, and operations? What role does your spouse have to fulfill?

LOSS OF KEY TALENT – YOU

How important are you to the company making money: Sales, customers, operations? Who makes it happen now?

LOSS OF KEY EMPLOYEES AND CUSTOMERS

Your loss creates anxiety and uncertainty. Employees focus on their families. Why will they stay? Is it risky for them to stay? What happens if they leave?

LOSS OF FINANCIAL RESOURCES

You guaranteed the bank financing, bonding, leasing, capitalization... how does this happen without you being there?

Action Step: Complete our 'Continuity Plan Essentials' package without delay.

Simple, Fast, Inexpensive.... Done.
